Description

Calling all landlords and investors.

This traditional three-bedroom mid-terrace property is being sold by auction and is offered subject to an existing tenancy currently producing £360 per calendar month, equivalent to £4,320 per annum and a gross yield of 10.8% based on the guide starting bid.

The property would benefit from a programme of improvement and modernisation, offering scope to enhance both its condition and rental return over time. Rents for modernised properties in this area are typically in the region of £600 per calendar month, which would equate to £7,200 per annum and a potential reversionary gross yield of 18% based on the starting bid price.

The existing rent has not been increased for some time, and there may be potential for an uplift in the current rental income, although works would likely be required to achieve the maximum market rent.

The accommodation comprises an entrance hall, living room, sitting room, kitchen, rear lobby and bathroom to the ground floor. To the first floor, there is a landing and three bedrooms. Externally, the property has a rear garden.

An excellent opportunity for landlords seeking an income-producing investment with scope for improvement and future rental growth.
